

STEP Programme - call for applications

Dear ICTP Associates,

We wish to draw your attention to the ICTP/IAEA Sandwich Training Educational Programme (STEP).

This programme is designed for students in developing countries who are enrolled in a PhD course at their home university.

The goal is to enrich their doctoral studies by giving them access to ICTP's and IAEA's international communities and respective research and training facilities.

Selected fellows have the financial support to visit ICTP (or a collaborating institute) for a three- to six-month stay, each year, for up to three successive years.

A call for applications is now open and STEP encourages applications of good PhD students supervised by ICTP Associates.

The deadline is April 15th 2022.

For more information (and for application) please visit the following link :

<https://www.ictp.it/programmes/step.aspx>

With best regards,
The STEP Office
